## Accident!

### INSURANCE

This is quite a feature of my business. I represent two strong and liberal companies, whose contracts are free from the usual numerous restrictions that some other companies have, which really have the effect of insuring the company instead of the insured. No trouble to explain the policies and quote rates. ACCIDENT TICKETS—These are adapted to persons who do not desire yearly insurance, but who wish protection on short trips, etc. I issue them without written application, taking effect immediately.

I am agent at Bryan for the  
Oliver Typewriter, the only stand-  
ard visible writing machine.

### ROSEN HAS ARRIVED.

New Russian Ambassador Reached  
New York Tuesday.

### MADE NO STATEMENT

"Please Deny For Me That I Have  
Given Out Any Interview on  
Politics" Were Almost His  
First Words.

New York, July 5.—"Please deny for me that I have given out any interview on politics," were almost the first words of Baron Rosen, the new Russian ambassador to America, to a representative of the Associated Press as the Kaiser Wilhelm II. arrived at her lock in Hoboken.

"When I received the American newspapers," he said, "I observed that a French news agency attributed to me an interview quoting me as saying that Russia is willing to pay the expenses of the war within certain limits. I wish you to deny this for me and also deny that I have ever given out any interview or expressed an opinion of a political nature. Please say that and nothing more, and will be much pleased."

Baron Rosen succeeds Count Cassini as ambassador for Russia to the United States and has also been named as one of Russia's peace plenipotentiaries. The Baron does not come to the United States as a stranger, as he served his country as charge d'affaires in Washington during the first administration of President Cleveland. Since his last stay in America he has been minister at Tokio, and held that post at the outbreak of the war.

A dispatch from St. Petersburg announcing the additional plenipotentiaries was shown the ambassador, and this information he was pleased to receive. He would say nothing of Russian politics nor of the pending peace negotiations.

Baron Rosen went to Boston.

### CREW DEFIANT.

Since Arising at Sevastopol Repentance Is Expressed.

St. Petersburg July 5.—The minister of marine has received the following telegram from Admiral Kruger:

"The crew of the transport Prout when leaving Burro Bay mutinied, arresting the captain and other officers. A second lieutenant and boatswain were killed."

"The Prout has arrived at Sevastopol and the crew now is repentant. The officers have been released, the crew begging them to resume their posts. The Prout has been ordered to anchor at Kamesheval Bay and an inquiry into the facts begun."

### QUIET AT ODESSA.

General Situation Shows Signs of Gradual Improvement.

Odessa, July 5.—The general situation shows signs of gradual improvement. The removal of debris from the burned arena has begun and the general dock work and coasting service has been resumed. The strikers are returning to work.

A large number of troops have been sent to the summer quarters within easy reach of the city.

The Odessa chamber of commerce has petitioned the ministry of finance to permit an extension of fourteen days on notes falling due.

### Battalion Annihilated.

St. Petersburg, July 5.—General Lin-evitch telegraphs that a Japanese infantry battalion was annihilated by Russian soldiers sixteen miles from Liao Chouen.

### HUNDREDS HOMELESS.

Half the Citizens of Pierre, S. D., Are In a Bad Plight.

Pierre, S. D., July 5.—Half the citizens of the town of Pierre, S. D., were without homes to go to Tuesday night on account of the flood which has been raging in the Bad river. The floods swept a number of houses, with their contents, into the swollen waters of the Missouri. Many narrow escapes from death are reported, but although several persons are missing, it is not certain that any have perished. One family was swept ten miles by the torrent before being rescued. The waters are now receding.

Jamestown, N. Y., July 5.—In a rush to escape an impending storm, fifty persons were thrown into the lake at Celeron, by the collapse of a bridge over which the crowd was hurrying. Ten of these were taken to the hospital. Others who suffered from minor injuries went to their homes.

The water in Lake Chautauqua is shallow at this point, there being a depth of only three or four feet. Rescuers rushed into the water to release those caught by the broken timbers. No one was drowned.

### Noted Church Burned.

Nashville, July 5.—Fire destroyed McKendree Methodist Episcopal church one of Nashville's finest houses of worship, and threatened a section of the retail district in the midst of which the edifice was situated. The origin of the fire is unknown.

### FLYER HITS AUTO.

Young Lady in Latter Is Hurlled Seventy-Four Feet.

Fort Worth, July 5.—An automobile containing Dr. C. H. Harris of Riverside and Miss Willie Parham, sixteen year old, of this city, was struck by a Katy flyer at the Second street crossing. Miss Parham was hurled twenty-four feet. Her collar bone was broken and she was otherwise injured and severely bruised. The young lady will recover.

### WILL BE RELIEVED.

General Hare to Retire From Detail Duty in a Short Time.

Austin, July 5.—General Luther H. Hare has received communication from the war department at Washington advising him that his request to be relieved from detail duty at the adjutant general's department here had been granted, effective June 30. General Hare will leave for Rockport to spend some time before deciding upon his future plans.

### To Be Passed Upon.

Austin, July 5.—An amendment was filed with the attorney general's department to be approved by the Houston and Texas Central railway for the construction of a line beginning near Mexico through Leon, Madison, Grimes and Brazos counties to a point near Navasota. The question before the attorney general to decide is whether it would be a competing line, contrary to the state constitution.

### Texas County Clerks.

San Antonio, July 5.—The thirteenth annual meeting of the County Clerks' Association of Texas met here with about forty members in attendance. The address of welcome was delivered by Hon. W. M. Davis. The response was by G. P. Page. There was a trolley ride and Mexican supper.

### NEGRO'S PROGRESS.

This Was the Theme of Address by Booker T. Washington.

New York, July 5.—In an Independence day address at Mont Clair, N. J., Booker T. Washington spoke of the progress of the negro since the days of slavery and of the service the negro has rendered to the commercial and professional world since then. He endeavored to show that progress and freedom are inseparable. He added: "Russia just now is drinking to the dregs the cup of sorrow because of her failure to learn that its people could better serve it in a state of freedom. And in this connection, I believe our own country has a lesson to learn and to put into practice regarding the Chinese who wish to come into the United States."

"I believe that we will soon learn that it will pay from every point of view to give these people a fair chance. I am glad to see some such impression is gaining ground, but I wish it had happened before that Chinese boycott had been spoken of, or before our conscience had felt the value of the Chinese dollars."

"The white man of this country has a tremendous responsibility and a tremendous opportunity; to him every door is open. Such strength should never be used to crush, but to uplift. There is no slavery more hurtful than that of hatred, whether it be of one section for another, or of one race for another, for as is shown in history, in the end the oppressed become free and their oppressors are lost."

### NEW HIGH LEVEL.

Cotton Prices Did Some Tremendous Soaring at New York.

New York, July 5.—Cotton prices reached another new high level Wednesday with trading almost as active and excited as during the advance of one cent a pound on Monday. Opening was 13 to 28 points higher, following sensationally firm cables. There was heavy realizing and prices sold off early, reaching 10.58 for October and 10.70 for January, but there was soon another sharp advance on renewal of bulls' support and heavy buying orders through wire and commission houses. The weekly bureau report considered bullish, following low condition of figures reported on Monday, and prices just after its publication were about 39 points net higher or around 10.8 for October and 10.95 for January contracts.

### Wide Range.

New Orleans, July 5.—An active wide open range of 40 points, or \$2 per bale, was the history of the erratic cotton market Wednesday. The future positions opened 18 points higher than Saturday's closing.

### Projection on Mars.

Cambridge, Mass., July 5.—A telegram has been received at the Harvard college observatory from Professor Lowell, at Flagstaff, Ariz., stating that there was a projection on termination of Mars on Sunday near Pro-pionis; position of angle, nineteen degrees.

### MINOR MATTERS.

A conference of Texas ginners will be held at College Station July 25-26.

Senator Covington, charged with accepting a bribe was acquitted at Little Rock.

Basin Park, the new hotel at Eureka Springs, Ark., was opened in grand style.

# THE MORNING EAGLE

Entered at the Postoffice as second class mail matter.

BY CONNELLY & CARNES.

Per Week, 15c - Per Month, 40c

THURSDAY, JULY 6.

The Texas Woman's Press Association is in session at Marlin and the Daily Democrat of that city calls them "angels of the press."

Judge Rufus Hardy of Corsicana is out in an open letter replying to Hon. Richard Mays declining the latter's proposition to leave to the voters of Navarro county the choice between them to determine which shall continue in the race for congress. Judge Hardy states that there are live issues to be presented, and that he is a candidate before the democrats of the entire district, and will not pledge himself to support any candidate in the primary until he knows on which side of these issues he stands.

## REV. ZOLLARS' LECTURE.

Rev. E. V. Zollars' lecture at the opera house Tuesday night, though delivered under unfavorable circumstances owing to the intense heat and freight trains continually switching in the yards near the building, was nevertheless a masterpiece of logic and eloquence, and made a profound impression on his hearers.

His subject was "The Perfect Man," predicated upon the prophetic description of Christ contained in the opening verses of the forty-second chapter of Isaiah. He handled the subject in all its phases, and developed the various qualities of strong well rounded character capable of the highest service to God and fellow men.

Rev. Zollars has not been long in Texas comparatively speaking, but as president of the Texas Christian University at Waco he has already impressed the state as one of the greatest of christian educators.

## MR. WILSON GREGORY DEAD.

Mr. Wilson Gregory, a native of Kentucky and 75 years old, died at his home in this city yesterday about noon after a painful illness.

Mr. Gregory has been a sufferer from cancer in a malignant form for many years, and for two weeks or more has been confined to his bed. He has lived in Bryan and Brazos county about twenty years, and leaves a wife and four children, two of them grown and residents of other states, and two young daughters in this city; also a step-daughter, Mrs. C. B. Taylor of Bryan. He was formerly a soldier in the regular army and saw active service on the frontier. He was a good man and bore his terrible affliction with great patience and fortitude.

The funeral will be held this morning at 8:30 o'clock. Interment at the city cemetery.

Saturday night and Sunday morning the H. & T. C. will sell round trip tickets to Houston-Galveston at the usual popular rates—\$1.95 and \$2.20 respectively.

# THE MARKETS.

Kansas City Cattle and Hogs.

Special to the Bryan Eagle.

Kansas City, Mo., July 3.—Supply of cattle in the quarantine division last week was the heaviest of the season, nearly 600 cars. Receipts in the native division just now, however, are running light, and as there is a strong demand for the grade of steers coming to the quarantine division, markets last week were very satisfactory, the week closing with a small gain on medium class steers, meal fed stuff about steady, cows strong, veals steady, and everything extremely active. In view of the fact that to-morrow is a holiday, the way packers are taking hold of the cattle today and the last of last week is encouraging, and there is evidently a large outlet for medium priced beef. The best meal fed steers sold last week at \$4.25, but they were not choice. Grass steers, and those fed on the grass, sold mainly at \$3.50 to 4.05, and thin light stuff as low as \$2.85. Cows kept pretty much within \$2.40 to \$2.90 all week, veals \$4.75 to \$5.25 for nice light weights.

Hog receipts were small here last week, account of harvesting in this territory, and prices were higher. The market declined last three days, but is back up this morning, top \$5.45, bulk of sales \$5.37½ to \$5.45. Competition is keen for the hogs and indications favor strong markets. Shippers would do well to see that hogs are well cooled when loaded, as the loss account of heat is heavy.

J. A. RICKART.

L. S. Cor.

## ROGERS PRAIRIE.

Rogers Prairie, July 5, 1905.

Editors Bryan Eagle:

Just a few words from your humble servant. This leaves me away over where there is nothing but "water." We good people of Brazos county think we have had a rain over in our part of the world, but let me invite you over here and you will soon come to the conclusion that Brazos is not in it.

I left Bryan at 12:30 on July 1 and arrived here at 10 p. m., a distance of 35 miles, 18 by mail hack and 17 miles horseback. We had an extra fine time until we struck the "Navasot" bottom and then—wish you could have been with us to enjoy our swim—the entire bottom for two miles was nothing but a sheet of water; from the time we struck the bottom until we got out of same there was only one small strip of land about 50 yards that wasn't covered with water. The first 150 yards was swimming, and we had to play acrobat, and such a time crossing we did have. The last mile was not so very bad. It was dark when we reached the other side, and we gave vent to a sigh of relief. I could scarcely believe the stories about the floods of 1899 and 1900, but I am a firm believer in them since my late experience.

Crops are very good here; much better than I expected. The corn crop is fine.

I am here spending a 15-day lay-off which "Uncle Sam" has kindly granted. My wife and baby have been here some time visiting her mother, Mrs. S. C. Jamison. Yours truly,

Will S. Collard.

its labors at Shiloh Baptist church yesterday after a profitable session. Among the visiting preachers are Revs. A. Barbour, J. E. Boyd, O. E. Pepener, L. W. Mackey and J. S. Swancy. The welcome address to the convention was made by Miss Dessie Shivers; response by Miss Stella Sledge. The annual address was delivered by the president, and the annual sermon was preached by Rev. L. W. Mackey. Good collections were taken for Sunday school and educational purposes.

The Old Landmark Association convened yesterday afternoon.

## RIGHT TIME TO CURE CATARRH.

The early summer when the weather becomes warm and settled, is the best time of the whole year to treat catarrhal troubles with the expectation of complete and lasting relief.

Everyone who has catarrh of the head and throat should know how foolish it is to try and cure it by drugging the stomach.

Until recently your physician would have said that the only way to cure catarrh would be by a change of climate, but now with Hyomei you can carry a health-giving climate in your purse or vest pocket, and by breathing it a few minutes four times a day soon cure yourself.

Everyone who has catarrh, or even a tendency to catarrh, should use Hyomei now, for the benefit will be gained twice as quickly and the disease thoroughly eradicated from the system.

The complete Hyomei outfit costs but one dollar, and includes a neat pocket inhaler, a medicine dropper, and sufficient Hyomei for several weeks' treatment. The inhaler lasts a lifetime, and if more Hyomei is needed, extra bottles can be obtained for 50 cents.

In Bryan there are scores of well known people who have been cured of catarrh by Hyomei. If it does not cure you, E. J. Jenkins will return your money. This is the strongest evidence he can offer as to his faith in the remedy.

## WANTED.

Two young Bohemian ladies to wait on table and make themselves generally useful; also one boy who knows how to milk and wash dishes. Answer at once (beautiful summer home). Wages \$15 per month, board and room.

Address Mrs. J. G. Reeve, Windsor Hotel, Sabine, Jefferson county, Texas.

# HAY IS LAID TO REST

Body of Late Secretary of State Consigned to Tomb.

## NOTED MEN ATTEND.

President Roosevelt, Vice President Fairbanks, Cabinet Members and Former Ones Participate in Sad Rites.

Cleveland, O., July 5.—The body of John Hay has been laid to rest in Lakeview cemetery. Around the open grave at the last moment stood with bowed heads the president and vice president of the United States, the cabinet members and ex-members and men who in former years served with the dead secretary in the official family of President McKinley. There were many others who willingly would have paid tribute, honor and respect to Mr. Hay, but it was the wish of the family that the funeral be conducted for John Hay, the man they knew and loved in private life and not for the brilliant and forceful premier whose name was honored wherever clean and successful statesmanship is esteemed among men. The assemblage at the funeral and around the grave, therefore, was small. Those visible honors accorded him in death were in a ratio directly inverse to those freely given him in life, and perhaps no greater testimony to his worth as a man could have been given than the quiet manner in which his countrymen, who appreciated character and achievement, stood aside at the family's wish to take hostage in the future for the endurance of his fame.

The events of the day commenced with the arrival of President Roosevelt's train at 9 a. m. and closed with its departure at 3 o'clock. The funeral itself was held between 11 and 12 o'clock, interment being at noon. When at 9 o'clock the special train carrying President Roosevelt and members of his cabinet arrived at the depot of the Pennsylvania road a reception committee composed of members of the chamber of commerce, was in waiting and greeted the presidential party. Headed by members of Troop A, the procession of carriages moved off at a smart trot for the chamber of commerce, two miles away. In the presidential party were Hon. Leslie M. Shaw, secretary of the treasury; Charles J. Bonaparte, secretary of the navy; James Wilson, secretary of agriculture; E. A. Hitchcock, secretary of the interior; Victor H. Metcalf, secretary of commerce and labor; Postmaster General Cortelyou, Attorney General Moody, Senator P. C. Knox of Pennsylvania, former attorney general; Charles Emory Smith, former postmaster general; Paul Morton, former secretary of the navy, and Elihu Root former secretary of war. An enormous crowd gathered in front of the chamber of commerce to see the coming of the president and departure of the funeral, and a strong detail of police was necessary to keep it in line. Side by side with Mr. Swazey and closely followed by Vice President Fairbanks, who in company with Governor Herrick met them at the depot, the members of the cabinet and reception committee, the president passed slowly along the hall towards the door of the auditorium in which the body lay.

The president entered and stood by the casket. Members of his party followed and when all had entered the doors swung and sentries resumed their guard once more. It was the expressed wish of Mrs. Hay that President Roosevelt should be allowed to see the face of his secretary again if he desired to do so. When the matter was mentioned to the president he declined to disturb the existing arrangements in the slightest degree and the casket will not be opened. There was a brief pause, during which the president and members of his cabinet stepped forward to pay their respects to Mrs. Hay as she entered the auditorium from the ante-room, and then all were ready for the departure from the hall. The members of the cabinet, the president and past cabinet members ranged themselves in advance of the bier and six non-commissioned officers of Troop A took their places at the side of the casket. When the honorary pall bearers moved forward the casket was raised by cavalymen and followed by members of the Hay family, president and members of the reception committee. It was borne along the hallway and out to the funeral car. There were a few sharp words of command, scurrying and tramping of hoofs and the cavalry wheeled into a column and passed to the front of the cortege. There was no delay and the cavalry moved at a quick trot to the cemetery, five miles away. The services were simple. A hymn, Tennyson's "Crossing the Bar," was rendered by a male quartette, and a passage of Scripture was read by Rev. H. C. Hayden, pastor of the Old Stone Presbyterian church. This was followed by a second hymn, "For All Saints Who From Their Labors Rest," by the quartette. A brief prayer by Dr. Hayden brought the exercises to a close. President Roosevelt stepped forward to speak a few words to Mrs. Hay, then walked quietly to his carriage, which bore him directly to the depot. The grave of the secretary and the balance of the Hay family lot was fairly covered with flowers.

## Specie Capital.

New York, July 5.—Specie securities representing a total value of \$200,000 constitute a capital of mutual benefit pension funds for employees in Milan, says a Herald dispatch. The specie securities will be deposited in a bank at Rome.

Furnishers

## BUSINESS LEAGUE R. R. COMMITTEE.

Capt. W. E. Saunders has announced the appointment of a committee to solicit stock in a company to build the Bryan and College Motor Car railway. The appointment is made in conformity with the action of the League at its meeting Tuesday afternoon, which was fully reported in yesterday's paper. The following gentlemen were appointed: Ed Hall, A. M. Waldrop, J. H. Webb, Jno. M. Lawrence, Webb Howell.

In the selection of the gentlemen named, Capt. Saunders has displayed his usual good judgment. No more important work ever devolved upon a committee of Bryan men than this one has before it, and they are men singularly fitted for the task. Each and everyone of them believes in the great importance of the enterprise, and all are men who have never yet failed in an important undertaking or "laid down" on their duty.

Mr. Maloney's figures, referred to in yesterday's Eagle, are encouraging, and it looks now like success will crown the efforts of those who have long labored in behalf of the enterprise.

Prof. B. C. Pittuck has severed his connection with the Louisiana agricultural college at Baton Rouge and accepted a position as State feed inspector with headquarters at the A. and M. college. He is at present off on a trip to Austin. Prof. Pittuck's host of friends in Bryan and over the state will be rejoiced to learn that he has returned to Texas and his alma mater.

T. R. Batte Jr. will leave in a few days to enter upon municipal civil engineering work at Mexia and Fort Worth, having accepted a position with E. M. Turner, a contractor of Hillsboro.

Mrs. Ann Collins and Mrs. Fannie Ruth Thomas and daughters, Misses Edna and Adelia, returned to Dallas yesterday after a pleasant visit to Mrs. M. D. Cole and other relatives.

The detachment of the Salvation Army, here from St. Louis, is holding daily meetings on the streets in the presence of considerable crowds.

Mrs. W. H. Kinney and little son returned to Ennis yesterday accompanied by Mrs. T. P. Boyett and little son, T. P. Jr.

## NEGRESS SLAIN.

Shot Five Times With a Pistol While Going to a Picnic.

Antlers, I. T., July 5.—Georgia Wilson, a colored woman, was shot five times with a revolver and killed on the Arkansas and Choctaw eastbound train near Sawyer. She was going from Hugo to Sawyer to attend a picnic. On the arrival of the train at Sawyer her husband, Paul Wilson, was placed under arrest. He was brought here.

## Shot by a Tramp.

Atoka, I. T., July 5.—While attempting to eject a persistent negro tramp from his train at Reynolds, I. T., ten miles north of here, A. F. Sharum, a brakeman on the Choctaw division of the Missouri, Kansas and Texas, was shot by the tramp and perhaps mortally wounded. Sharum has been taken to the company hospital at Sedalia.

## NEGRO HELD.

Identified by Child He Is Alleged to Have Tried to Wrong.

Shreveport, July 5.—John Britten, a negro employed at the machine shops of the Kansas City Southern railway in West Shreveport, is in custody, charged with attempted criminal assault upon Rachael Jackson, a sixteen-year-old colored girl. The girl, accompanied by her father, called at the jail and identified the prisoner as the man who threw a rope around her in clump of woods and attempted to assault her until frightened off by her screams.

## MANY STRAY BULLETS.

One Person Dead and Nearly Hundred Others Are More or Less Hurt.

Chicago, July 5.—In spite of the rigid enforcement of the law restricting the hours during which fire crackers may be discharged, the list of accident in Chicago Tuesday is very large. Stray bullets found their usual number of victims, but most of the accidents were due to cannon crackers and children made up a large majority of those injured. One death and nearly a hundred cases of injury were reported to the police, four of which will probably prove fatal.

## Twenty-Two Injured.

Lexington, Ky., July 5.—In a collision at Wiley, four miles from Lexington, a westbound Chesapeake and Ohio and an eastbound Louisville and Nashville passenger train, twenty-two persons were injured.

## Seventy-Seven Injured.

St. Louis, July 5.—From reports received by the police from St. Louis and vicinity, there have been no deaths as the result of accidents in connection with the celebration of Independence day. Seventy-seven injuries were reported previously to midnight, seventeen of which are serious.

## Sheriff Stops Fight.

Butte, Mont., July 5.—Sheriff stopped the Herrera-Neary fight in first round.

## NEWS IN BRIEF.

Swedish army is being mobilized. Fifteen persons were injured on Fourth at St. Paul.

In a fight at Gaston, S. C., two young men were fatally injured.

From Colon to Panama enthusiastic crowds celebrated the Fourth.

On the Fourth at New York hundreds were injured by fireworks.

Gambling paraphernalia to the value of \$500 was burned by the sheriff at Oklahoma City.

Seventy-five casualties were reported at Cincinnati as results of Fourth of July celebrations.

During a storm in Woods county, Oklahoma, a boy named James Ely was killed by lightning.

By the premature explosion of a shell on Governor's Island, N. Y., two soldiers were badly hurt.

## FAMILIES LOSING MONEY

Because They Hang on to Grade Cows That are Good Milkers.

A number of years ago I advocated buying a registered jersey cow by every family in Bryan. I still see some families milking three or four grade cows, paying as much for feed, and profiting little or none by the increase, all because the grade cows they have are good milkers. If you want to sell a grade cow \$50.00 is the outside price you can get, whereas registered cows are worth from \$75 to \$200.00. A grade heifer calf is worth \$2.50 to \$5.00 at three, four or five months old, while registered heifer calves from good cows will bring from \$25.00 to \$50.00 at three to five months old, which gives you a good profit in the increase and more butter and milk for less money than it will take to feed a grade cow. I have an order now for all heifer calves three to five months old, from good registered cows and sired by "Signal of Bryan." I will give \$20.00 to \$30.00 for heifer calves of the kind and ages indicated sired by this bull. Jno. M. Caldwell. 181

## ROLLINS-HUTSON.

At 7:20 o'clock yesterday evening at the home of the bride's parents, Prof. and Mrs. C. W. Hutson, at College Station, Mr. Henry M. Rollins of Houston and Miss Sophia Hutson were united in marriage by Dr. T. C. Bittle. The wedding was a pretty one and of marked social interest, and will be reported more fully in a later issue.

50c fancy half hogs cut to 35c at Hunter and Chatham's this week. You can't afford to wait. 183

# This is to Tell You!

GREATEST ON RECORD

POINT LOOKOUT AND GREAT FALLS—THE YELLOWSTONE NATIONAL PARK.

In the year 1872, three thousand three hundred and forty-four square miles of territory in Northwestern Wyoming were withdrawn from the public domain by an act of Congress, and "dedicated and set apart as a public park or pleasure ground for the enjoyment of the people." This is Yellowstone National Park. In consummation of the benefit to which it was dedicated, thousands of people visit the Park annually to marvel at and enjoy the strange wonders which mind of man could scarce conceive until Nature had first executed.

Yellowstone Park has been aptly termed "Nature's Great Curiosity Shop." Around it are Mountain Ranges having peaks 14,000 feet high, and within it are a diversity of miracles of Nature which neither tongue nor pen can fully depict. Here amid the grandeur of Alpine scenery, tinted with colors of indescribable variety and beauty, are geysers spouting their scalding waters at precise intervals; terrace-building fountains; pools of steaming clay; everlasting springs iced in Earth's depths, or boiling from her furnaces; the great Yellowstone Lake—a mile and a half above sea level—and over all, through romantic vales and shaded glens, broods the spirit of the Wild which harks back to the ancient world-building days when man was not.

The beauty of Yellowstone Lake and the far off view of the Tetons can be considered but preliminary to the magnificence of the Grand Canon of the Yellowstone. Some may claim that the Grand Canon of the Colorado is more awe inspiring, but it cannot have the commingling charm of grandeur and beauty that is shadowed forth in this Acme of Nature's wonderful handiwork. As one approaches the Canon, the upper falls are first seen, but the best view is from Point Lookout, half a mile or so below the hotel, where not only the falls are in view, but where the entire Canon can be taken in at a glance.

Imagine a gash in the earth ten miles long and 1200 feet deep, its awful depths stirred by the music of the rushing river; its great falls roaring and whispering every sound described in the swinging old rhyme—"The Way the Waters Come Down at Ladore"; its painted walls lurid with every tint that the palette of the Master and all the blended colors of all the paint pots ever mixed by mortal or immortal hands; its shadows somber and gray; and its sun-gilded pinnacles—who shall describe it! What an inspiring, majestic and incomparable wonder it is! To see its cliffs of volcanic glass—its unsurpassed water effects—its mountains of petrification—its hills of brimstone—its perpetually snow-crowned peaks—is to gaze on a spectacle of grandeur such as the world cannot elsewhere produce.

The rivers and lakes of Yellowstone abound in trout, the United States Fish Commission having stocked many of the rivers therein. Native trout are found only in the Yellowstone Lake and River, but the Fire Hole, Gibbon and Nez Perce Rivers, and Indian, Shoshone and Willow Creeks are filled with Eastern trout; while in the Madison River native and Eastern trout, also whitefish and grayling, are found. Rainbow trout were once planted in the Gibbon River, but they sought the deep waters of the Madison, from whence specimens weighing six pounds and over have frequently been taken; while in Shoshone Lake land-locked salmon measuring twenty to thirty inches in length may be secured. The rules of the Park as to hunting and fishing are very strict, but as yet few regulations have been interposed to the use of the rod. Ladies may enjoy trout fishing in the Yellowstone Lake, where row-boats and guides are easily secured.

As in connection with the Lewis & Clark Exposition at Portland, on account of which the Fort Worth and Denver City Railway Co., and connecting lines, such as the Denver & Rio Grande, the Oregon Short Line, the Oregon Railway & Navigation Co., the Northern Pacific and the Burlington Roads have made effective extraordinarily seductive ticket rates and train arrangements, hundreds of vacationists in Texas and the Southwest generally are preparing to spend goodly portions of the summer in the Pacific Northwest and to visit the Yellowstone Park en route, either going or returning—appreciating that equally favorable opportunities for enjoying the wealth of magnificence referred to will probably not be again available for many years to come.

#### POSTMASTERS MEET.

Those of Fourth Class Hold a Convention at Dallas.

Dallas, July 5.—Second annual convention of Texas postmasters of the fourth class was held here. The attendance was about seventy-five. Acting president and secretary McElroy delivered an interesting address. Election of officers resulted as follows: William Gilford of Thornton, president; T. K. Raynor of Decoy, vice president; B. J. Naugle of Prosper, secretary; Mrs. M. J. Sadler of Osage, Coryell county, treasurer; W. A. McElroy of Buda and C. A. Moose of Poolville, delegates to the national convention; B. J. Naugle of Prosper and William Gilford of Thornton, alternate delegates. Constitution and by-laws were adopted.

#### FARSEEING BACHELOR.

Supplements School Building Fund With Four Thousand Dollars.

Lancaster, Tex., July 5.—Some two weeks ago the Lancaster independent school district by a large majority voted to build a \$15,000 modern brick school building. One of the liberal and progressive unmarried business men, who declines to allow his name to be given to the general public, states to the board of trustees that he will supplement this fund with a gift of \$4,000, and possibly more if it becomes necessary. This amount guarantees for Lancaster a public school building that will meet the requirements for many years.

#### TWO HUNDRED DEAD.

Hospital Flooded So Quickly That Patients Were Drowned.

Guanajuato, Mex., July 5.—Governor Obregon estimates the loss of life at 200 and more bodies are being recovered. The hospital was flooded so quickly that the patients were drowned.

The magnificent Juarez theater was flooded to the floor of the first balcony and soldiers who had taken refuge there had to climb to the upper balcony to save themselves.

The power plant is damaged and the city is dark. The loss is estimated at \$2,000,000.

#### Fatal Accident.

Rockdale, Tex., July 5.—H. Vogel, president of the Diamond Coal company, and one of the wealthiest men in this section of the country, sustained an accident which cost him his life.

#### Double Drowning.

Little Rock, July 5.—L. A. Hutton, assistant observer at the United States weather bureau at Little Rock, and Lawrence Dickey of Pottsville were drowned in the Arkansas river. They were bathing and Dickey got beyond his depth. Hutton tried to rescue him and both drowned.

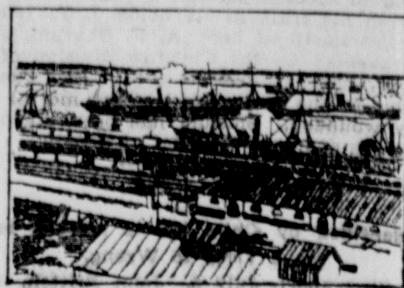

#### The Slavery of the Match.

To a nonsmoker a match is a small sulphur tipped stick, useful for lighting the gas. It is kept in a holder on the wall and is no more important than ice water or slippers. To a smoker a match is one of the currencies of comfort. It is indispensable, precious and exceedingly scarce. To him the man who always has a match to lend is a friend worth having—a chronic borrower of matches is a public nuisance. The smoker's life is divided into periods of affluence when his vest pocket is full of matches and of poverty when he has but one match and is not sure that it will light. He dreams at night that he is on a vast prairie, miles from home, with a pipeful of tobacco and no match. He knows every vantage point where matches can be had. He is always greedy for them—always suffering for them. He envies the man who always has two matches left. Try as he may, he can't do the trick himself.—Council Bluffs Nonpareil.

#### CENSORSHIP RAISED.

Columns About the Odessa Tragedy Have Been Published.

St. Petersburg, July 5.—With the publication in the Official Messenger of the official account of the tragedy at Odessa the censorship is raised and all papers are filled with columns from foreign papers. Leaving aside the machinations of the Revolutionists, the press with one voice declares that mutinies on board the ships of the Black Sea fleet were the result of the rotten system in vogue in the Russian navy, blue jackets being neglected.

HARBOR OF ODESSA.

ed and officials living ashore except during brief cruises. Captain Clado in a long review affirms that the question of food was a mere pretext, the real cause being in the complete lack of sympathy between the men and their officers, most of whom he says, are disgustingly incompetent, owing to their position to win influence at St. Petersburg they care nothing for good service or to the well being and contentment of the men.

#### COSSACKS FIRED.

Trouble Started by the Arrest of Murderous Youth.

St. Petersburg, July 5.—Cossacks fired on Putiloff works strikers Wednesday. The trouble was started by the arrest of a youth who was entering the works. A policeman who took him into custody suspected the young man of having dynamite in his possession. The latter on being made a prisoner drew a revolver and killed the policeman and himself was wounded by a bullet from another policeman. Strikers quickly congregated in the Peterhof road and Cossacks were ordered to disperse them. The soldiers charged, using whips, and then fired a volley, causing several casualties among the strikers. Excitement in the district is intense.

#### Arrived at Theodosia.

Theodosia, July 5.—The Russian battleship Kniaz Potemkin arrived here and asked for coal, provisions and medical attention. The mutineers demanded the authorities to guarantee their safety during the stop of the ship here.

#### Return to Sevastopol.

Sevastopol, July 5.—The Black Sea squadron, under Rear Admiral Kruger, returned here from its voyage to Theodosia. The squadron included the battleship Georgi Pobedonosetz.

#### Was Met.

Bucharest, July 5.—The captain of a vessel which has arrived here from Galatz reports that he met the battleship Kniaz Potemkin going toward Batoun.

#### RECEIVERS APPOINTED.

They Will Take Charge of Two Banks That Have Closed Down.

Washington, July 5.—The comptroller of the currency has appointed National Bank Examiner Cook as receiver of the National bank of Spring Valley upon advices received from Cook that the bank had closed. The comptroller also appointed National Bank Examiner J. M. McSholt receiver of the First National bank of Toluca, Ills., upon advices from the vice president of the bank that it did not open for business Wednesday morning, and requested that an examiner take charge. The suspension of these banks is due to the failure of C. J. Devlin, who was president of both. Capital stock of Spring Valley National bank is \$50,000 and that of the Toluca bank \$100,000.

#### BECAME INVOLVED.

Had Endeavored to Build Toluca, Marquette and Northern Road.

Topeka, Kan., July 5.—When the First National bank of Topeka, controlled by C. J. Devlin, failed July 3 it was known the Devlin estate owed the Spring Valley National bank of Spring Valley, Ills., and the First National bank of Toluca, Ills., which have closed their doors. Just what amounts the Devlin estate owes the two Illinois banks is not known, but it is stated they became involved in loaning money to build the Toluca, Marquette and Northern railroad, a small coal carrying road, which Mr. Devlin was constructing to his mining property in that state. This road connects with the Atchison, Topeka and Santa Fe, Illinois Central, Chicago, Milwaukee and St. Paul, Chicago and Alton and Indiana, Illinois and Iowa railroads. Negotiations already are in progress, it is said, to sell this railroad property, which is considered a valuable asset.

#### SHORTS ARRESTED.

President of Panama Canal Commission Was Too Speedy.

New York, July 6.—T. P. Shonts of Chicago, president of the Panama canal commission, has been arrested at Stamford, Conn., for violation of the automobile speed law. He had a party of women with him and is said to have made an eighth of a mile in twenty-two seconds. He put up a bond to secure his appearance in court. He was on the way to his summer home at Greenwich at the time.

#### Was Not Destroyed.

Carbondale, Colo., July 5.—The report that this town was destroyed by fire is erroneous.

#### TWENTY INNING GAME.

All Records in Baseball at Boston Were Broken on Fourth.

Boston, July 5.—All records for long ball games in this city were broken Tuesday when Philadelphia defeated Boston in the American league afternoon contest in the twentieth inning. The score was Philadelphia, 4; Boston, 2. Young for Boston and Waddell for Philadelphia were the opposing pitchers. The latter's work after the fourth inning was wonderful. Fifteen hits were made off Young and thirteen by Waddell. Score in morning game was: Philadelphia, 5; Boston, 2.

Chicago, 8; Cleveland, 2; Cleveland, 5; Chicago, 2.  
Detroit, 4; St. Louis, 1; St. Louis, 11; Detroit, 0.  
New York, 8; Washington, 5; New York, 2; Washington, 2; attendance 25,000.

#### National League.

Philadelphia, 2; New York, 0; New York, 6; Philadelphia, 3.  
Chicago, 3; St. Louis, 2; Chicago, 11; St. Louis, 1.  
Pittsburg, 8; Cincinnati, 2; Pittsburg, 8; Cincinnati, 1.  
Brooklyn, 8; Boston, 0; Brooklyn, 2; Boston, 1.

#### Southern League.

Montgomery, 14; Birmingham, 1; Montgomery, 1; Birmingham, 0; attendance, 10,000.  
Memphis, 5; Little Rock, 2; Memphis, 4; Little Rock, 3.  
New Orleans, 4; Shreveport, 3.  
Atlanta, 2; Nashville, 0.

#### Texas League.

Fort Worth, 5; Temple, 3; Fort Worth, 4; Temple, 1; second game, eleven innings.  
Dallas, 3; Waco, 0; Waco, 1; Dallas, 0.

#### North Texas League.

Greenville, 6; Texarkana, 0; Greenville, 2; Texarkana, 1; second game, twelve innings.  
Paris, 12; Clarksville, 2.

#### South Texas League.

San Antonio, 4; Houston, 3.  
Beaumont, 6; Galveston, 0.

#### TAKEN FROM JAIL.

Jim Lynn Is Supposed to Have Been Lynched by Mob.

Russellville, Ky., July 5.—A mob of nearly 100 men went to the jail at 8 o'clock Tuesday and demanded the keys. Once in they were able to find only one of the prisoners charged with Mary Gladden. The other three had criminal assault upon the Mormon girl, crawled up the iron railing and hid in the big water tank near the ceiling.

When the crowd got well inside John Saera, the man whose trial has been in progress since Monday, dropped to the floor and rushed out of the door. Several pursued him and fired at him but he made his escape, running toward the public square, and would have gotten away had he not met the sheriff and his deputies, who were on their way to take them to the 9:30 o'clock train for Bowling Green, and they ordered him to stop. He rushed on and they shot at him four or five times, wounding him twice. One shot entered behind the ear, coming out of the cheek and the other went through the leg near the thigh. Neither wound is thought to be fatal.

The shooting near the square frightened the mob in the jail and they hurried off with only one of the men, Jim Lynn, leaving Polk Fletcher and G. Y. Lyon in the jail. These two, together with the wounded man, were taken soon afterward on the train to Bowling Green.

It is supposed that Jim Lynn, who was taken away by the mob, was hanged in the outskirts of the town.

#### THOUSAND WALKED.

Fire In Powder House Prevented Running of Trolley Cars.

Pittsburg, July 5.—By fire at the Rankin powerhouse during a storm, which cut off the power from the West Pennsylvania Railroad company's trolley line, more than 8000 people were stranded at Olympia park, three miles east of McKeesport. In the large gathering at the park to celebrate the Fourth, the majority were women and children. When the report that the cars had stopped running was circulated, about 2000 people started to walk to McKeesport, many being women carrying infants. Shortly before midnight a special train over the Baltimore and Ohio road went to the park, but there were only three coaches on the train, and almost a riot resulted when the crowds of beleated people tried to get on the train at the same time. It is estimated that 1000 were packed into the three cars on the first trip. After making several trips all of the picknickers were brought in to McKeesport, but their condition was but little better than at the park, as the big majority of them live in towns along the West Pennsylvania company's line and were without money and without adequate shelter. The Baltimore and Ohio station was literally packed with women and children tired, hungry and without clothing, soaked with rain.

#### HUNDREDS OF SUITS.

Department of Agriculture Takes Action Against Railroads.

Washington, July 5.—The Post says: "The department of agriculture has prepared and is ready to begin 1200 suits against the railroads of the country to secure the imposition of penalty of \$100 in each case for every violation of the so-called twenty-eight hour law. The statute requires carriers transporting livestock from one state to another to unload, feed and water and rest every head of livestock for a period of five hours after it has been on the road not more than twenty-eight hours. Nearly every road from Maine to California is involved."
